

VOL. 1 ISSUE 2 JULY 2019

MESSAGE FROM TERRY, MERCY WELLNESS COO

We're really excited to be the top sponsor of a history exhibit called "Grass Roots: Cannabis from Prohibition to Prescription" at the Museum of Sonoma County from June 16-September 15. Mercy Wellness and CannaCraft celebrate and thank Sonoma County's cannabis pioneers for their grassroots activism and perseverance. After 80 years of flawed political policy that created cannabis prohibition, the cannabis industry may now legitimately and openly contribute to Sonoma County's economy with jobs and taxes and contributions to nonprofits. A new journey begins. We welcome this opportunity to share it with you. When you shop at Mercy ask about how you could win a free pass to the exhibit. Looking forward to seeing you around. CIRCLE OF VIRTUES

Featured Virtue: Compassion

How do you define compassion? A common definition is, "Sympathetic awareness of others' distress together with a desire to alleviate it." Many cannabis companies are driven compassionately and Mercy is one of those. We hope that we can share the healing properties of cannabis with as many people who need it. Have you had an experience recently that demonstrates compassion? Send us a note at info@mercywellness.com and tell us about it.

LIL' NUGGETS

Cannabis consumers over age 50 consume ten times more cannabis than the generation before them.

It's estimated that Sonoma County residents consume \$130 million each year in cannabis products. That's near twice as much as they spend on beer and wine respectively.

CANNA HELP YOU

Did you know that nearly 8 out of 10 people have never consumed cannabis? Now that it's legal, many people are curious and want to learn more about safe and responsible ways to consume it. Mercy produces a radio show bi-weekly Fridays at noon on KSRO 1350AM. Topics are selected to help anyone who wants to know more about cannabis basics and what's happening at Mercy. Episodes are uploaded to the [Mercy YouTube channel](#).

CANNA HELP YOU: EPISODE 3

Our third episode focuses on the economic impact of cannabis in Sonoma County, as well as an overview of one producer and how his product gets to the dispensary and how Mercy Wellness treats that marijuana to keep it fresh.

CANNA HELP YOU: EPISODE 4

The fourth show in our series focuses on the permit struggle for cannabis growers in Sonoma County, as well as a look at extracts and vape pens and how Mercy Wellness works to keep its message of healing with compassion and love at the forefront.

Happy Customer

"Firstly, the people are super friendly & courteous. They spend as much time with you as you need & explain everything in detail. I was a virgin so to speak and they were willing to spend as much time with me as I needed. I never felt rushed. In fact, I can't stand for very long and someone went & got a chair for me so I could sit while they talked to me. I was surprised by my excellent experience."
