MESSAGE FROM ARMANDO, GM OF MERCY WELLNESS

I'm very blessed to have been able to help create such an amazing place as Mercy Wellness. Mercy allows me to utilize my unique creativity alongside my compassionate nature, to create an environment for the staff to thrive and the guests to get the best experience possible. As Mercy has grown as a business it has helped me grow as a mentor, a manager, a father and overall a better person. I was once told "If you don't believe in something, you'll fall for anything". I believe in Mercy and all that we do and all that we plan to do.

CIRCLE OF VIRTUES EXPLAINED

We wanted a way to express our company ethos among ourselves and with our customers and suppliers. Once we identified the values dear to us, we sought examples of them in our lives. The name, Circle of Virtues, describes the role of these values in living day to day.

The circle has a long history as a spiritual symbol of expansion and growth. Emerson described it, "The life of man is a self-evolving circle, which, from a ring imperceptibly small, rushes on all sides outwards to new and larger circles, and that without end."

We invite you to grow as we do to new circles of gratitude, compassion, truth, love, kindness, and giving. Thank you for being along with the Mercy Fam on this journey.
